Reds Unable to Check

Uprisings in the South CONSTANTINOPLE, Oct. 6.—The Bolshevik régime in South Russia appears, from reports reaching here, to have suffered heavily from the blows inflicted upon it by the forces of Generals Wrangle and Makno along the general line of Kiev, Kharkov and tostov. So far it appears the Bolsheviki have been unable to recover from the blows or to suppress the various uprisings against them, one of which, that of the Don Cossacks, is reported to have been joined by some of General Budenny's eavalry sent to put it down. Russian observers of the situation here express expectations that Odesan will fall into the hands of the insurgents, and that Riev will likewise fall. The latter city is menaced by General Petlura and also by General Chetchen, a new insurgent of the Makno type. It is declared the only Bolshevik nucleus of importance left is that in the Kharkov region, which General Wrangel is attacking.

The Wrangel forces have occupied Taganrog, at the eastern extremity of the Sen of Asov, and he now virtually commands that sen. The prediction here is that the anti-Bolshevik line will soon correspond with that held by General Denikine a year ago. CONSTANTINOPLE, Oct. 6.- The

The foregoing dispatch, filed from Constantinople Wednesday night, makes no mention of a reported defestion from General Wrangel's forces mentioned in a wireless dispatch received in London from Moscow Wednesday.

Play your Victor Records with the Victor Tungs-tone Stylus

Tungsten is the only known fibrous metal. It is so fibrous that a filament of it can be opened out at the end like a paint brush. You can unwind it.

Scientists of the Victor Company, searching the far places of the earth for the perfect substance to make a reproducing point, discovered in tungsten exactly the peculiar properties necessary for this difficult requirement.

The Victor Company immediately patented the use of tungsten for this purpose. You can obtain its signal advantages only in the Victor Tungs-tone Stylus.

Your desire for the best musical reproduction, your convenience and your anxiety to protect your records are all completely met-by the Victor Tungs-tone Stylus only.

10 cents per package of four points-enough to play at least 1000 records. Semi-permanent. Changeable. Sold by all Victor dealers.
